

Idaho & Montana Tar Sands Megaload Protests!

Dec. 2013 to March 2014

Dates, Places, & Carpools TBA

Info: WildIdahoRisingTide.org

**Marsing,
Mountain Home,
Bellevue, Arco, &
Salmon, Idaho,
Missoula &
Montana Sites**

Omega Morgan is hauling three evaporator cores to Athabasca Oil Corporation's new Hangingstone tar sands mining facilities in northern Alberta. These 901,000-pound, 376-foot-long transports degrade treaty rights & indigenous & public lands, rivers, & infrastructure & expand the greatest point source of greenhouse gases in North America. Confront these ecocidal, genocidal climate-wreckers in Idaho & Montana with megaload protesting & monitoring activities.
