

RED POWER ENERGY

October 27, Panida Little Theater

PROGRESS VS. TRADITION

Red Power Energy is a documentary film that combines engaging storytelling with in-depth journalism. Told solely from the Native American perspective, with nearly all-Native advisors and production crew, the film features Indian Tribes from five Western states grappling with how to balance their energy resources with traditional beliefs to care for the Earth.

Sponsored by The Idaho Mythweaver and Wild Idaho Rising Tide, and produced by Vision Maker Media, this film screening is a fundraiser for the Standing Rock Sioux Legal Defense Fund in their struggle against the Dakota Access Pipeline in North Dakota.

Suggested Donation: \$5 or more!
